STANDARD MIRROR WARRANTY

Dundy Glass & Mirror Corp. warrants upon, and subject to the following terms and conditions, that if, under normal usage, significant deterioration of the silver should occur during a period of ten (10) years from the date of manufacture (the "Warranty Period") of the mirror (the "Mirror") it will within a reasonable time, at its option, either refund the purchase price of the Mirror, or deliver a replacement Mirror.

ADHESIVE

Dundy Glass only recommends Gunther Ultrabond, Gunther Premier Plus, Palmer Mirror-Mastic and Palmer QwikSet. Any other adhesive applied will void the warranty.

WARRANTY CLAIM PROCEDURE

All claims under this Warranty must be made in writing to Dundy Glass & Mirror Corp. and must be accompanied by proof of purchase.

CLEANING

Hand Washing/Spot Cleaning

When hand cleaning, we recommend the use of standard glass cleaners (excepting those containing solids in suspension), together with linen-free towel, either paper or cloth. Abrasive cleaners should not be used as they may leave marks, which may only be seen under certain lighting conditions. The cleaner should be sprayed on the cloth, not directly on the mirror. This is to avoid the cleaner from seeping behind the mirror.
